

HAZARD: This product is harmful if swallowed, inhaled, and may cause an allergic skin reaction. Flammable liquid and vapour. Very toxic to aquatic life with long lasting effects.

PRECAUTIONS: READ THE LABEL BEFORE USE. KEEP LOCKED AWAY AND OUT OF REACH OF CHILDREN. WASH AFTER USE. DO NOT eat, drink or smoke when using this product. NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION. Always wear recommended personal protective equipment including chemical resistant gloves, face shield, face mask, eye goggles, boots, long sleeved-shirts and trousers during mixing, loading and application. Remove and wash thoroughly all protective equipment and working clothes before re-use. Wash and store work clothing separately. Keep away from direct sunlight, heat, hot surface, sparks, open flames and other ignition sources. Keep container tightly closed and secured. Ground/bond container and receiving equipment. Take precautionary measures against static discharge and use explosion-proof equipment and non-sparking tools. Do not breathe mist or vapour. Contaminated work clothing should not be allowed out of the workplace. Avoid contact with skin and clothing. Wash exposed skin with soap and water thoroughly after handling and application. Do not contaminate water with the product or its container. Do not clean application equipment near surface water. Avoid contamination via drains from water bodies (e.g., ponds, streams, lakes).

BABALA: Basahin ang label bago gamitin. Itago sa orihinal na lalagyan, ilayo sa mga pagkain at patuka. Huwag kumain, uminom o manigarilyo habang nag-iispray. Magsuot ng damit pang-protteksyon, guwantes, pamproteksyon sa mata at respirator sa paghawak ng produkto. Gamitin lamang sa labas o sa maaliliwalas na lugar. Huwag langhapin ang singaw o patak ng produkto. Ilayo sa init, sa mainit na lugar, sa kumikisap na kuryente, sa apoy at sa ibang pinagmumulan ng apoy. Gawin ang mga ito upang maiwasan ang pagkasunog. Gumamit ng explosion-proof electrical/ ventilating/lighting equipment. Ang mga ginamit na damit sa pag-iispray ay hindi dapat itabas sa lugar na iyong pinagta-trabahan. Hugasan agad ang damit na ginamit at ang katawan pagkatapos gamitin ang produkto. Gumamit ng hindi kumikisap nakagamitan.

FIRST AID: Remove contaminated clothing. If medical advice is needed, have product container or label at hand. If inhaled: Keep patient calm, remove to fresh air, seek medical attention. On skin contact: Wash thoroughly with soap and water. On contact with eyes: Wash affected eyes for at least 15 minutes under running water with eyelids held open. On ingestion: Immediately rinse mouth and then drink 200-300 ml of water, seek medical attention.

NOTE TO PHYSICIAN: Refer to Safety Data Sheet. Treat according to symptoms (decontamination, vital function), administer atropine for cholinesterase inhibition.

Advice on dealing with accidental spills: Keep people away from the spill area. Use personal protective equipment when cleaning up the spill. Do NOT wash away into sewer. Do NOT let this chemical enter the environment. Absorb liquid pesticides by covering the spill with absorbent materials, such as sawdust, clay or kitty litter. Sweep spilled substance gently into containers; if appropriate, moisten first to prevent dusting. Pour the contents of leaking container in empty container that originally held same product or put leaking container into a larger, clearly labelled, container. Contact emergency phone number in case of larger spills.

KEEP OUT OF REACH OF CHILDREN

HARMFUL

Perfekthion® 40 EC is an organophosphorus insecticide with systemic and contact action. It controls a wide spectrum of plant-sucking insects such as thrips, aphids, planthoppers, white flies, bugs and spider mites, even when these are protected by curled leaves or fine webs.

Directions for use:

Begin spraying when pests first appear and repeat every 10-15 days if necessary. Do not spray at blossom time. Observe at least 5 days waiting period. Remove livestock before treatment. Keep livestock out of treated area for 24h after the last treatment.

CROPS	PESTS	RATE (Tbsp/16L of water)
Rice	Leafhoppers, Planthoppers, Bugs, Stemborer	2-3
Tobacco	Aphids, Thrips	2-3
Mango	Leafhoppers	2-3
Beans	Aphids, Thrips, Beanflies, Leaffolders	3-5
Eggplant	Aphids, Thrips	2-3
Cucurbits	Aphids, Thrips	2-3
Pineapple	Mealybugs	2-3
Coffee	Berry Borers, Leaffolders, Mealybugs	2-3
Cacao	Aphids, Caspid bugs	3.2 - 6.4
Citrus	Aphids, Mealybugs, Rindborers, Scale insects	2-3
Cotton	Aphids, Leaffolders, Whiteflies, Mites	2-3
Banana	Flower Thrips	3ml/l water. Inject 60-80ml solution per bud

*1Tbsp = 10 ml.

Re-Entry Period: Do not enter the field within 2 days after spraying. **Pre-Harvest interval:** Do not spray within 14 days before harvest interval. **For Banana:** 3 months. **Compatibility:** Perfekthion® 40 EC may be mixed with organic fungicides and insecticides but not with Bordeaux mixture or other products with alkaline reaction. Certain wettable sulphur formulations are not compatible with Perfekthion® 40 EC. **Storage and disposal:** Store in dry, cool ventilated place under lock and key. Segregate from foods and animal feeds. Keep away from heat. Protect from direct sunlight. Do not reuse container. Triple rinse container and dispose of contents/container to hazardous or special waste collection point and in with national and local regulations and requirements. Do not discharge into drains/surface waters/groundwater and soil/soil. Collect contaminated extinguishing water separately, do not allow to reach sewage or effluent systems. Dispose of fire debris and contaminated extinguishing water in accordance with official regulations. In case of fire and/or explosion do not breathe fumes.

PROHIBITION/WARRANTY STATEMENT: It is a violation of FPA Rules and Regulations to use this product in a manner inconsistent with each label. No warranty of any kind, expressed or implied, is made concerning the use of this product. User assumes all risks and liabilities resulting from handling, use or application.
